Kiwi Cream Ale celebrates Cape Kiwanda, the starting point of the stunning Three Capes Scenic Route and the birthplace of Pelican Brewing Company. Inspired by one of America’s traditional beer styles, Kiwiana has a golden color, floral aroma, refreshing body and a clean, snappy finish. Whether enjoyed with your toes in the sand at our oceanfront brewpub or in your own backyard, Kiwi Cream Ale is proof that light colored beer can be both refreshing and inspiring.

To celebrate the oft-rainy Pacific Northwest, we’ve brewed a New-World India Pale Ale featuring exotic Ella hops loaded with aromas of kiwi and passionfruit. These fresh and zesty hops are nicely balanced by a clean pale malt character. We’ve liberally dry hopped Umbrella to add to its distinct and complex flavor. Enjoyable anytime, rain or shine, go ahead—grab an Umbrella and let it pour.

Like the force of nature it is named for, Tsunami Stout will bowl you over with its jet black color and dark seductive aroma. Roasted malts and unmalted barley give this full-bodied brew its dense creamy head and distinct dark chocolate and cappuccino flavors that swallow to a clean, rounded malt finish. Grab a Tsunami and head for high ground.

What do hopheads love about hops? Great big punchy aromas. At Pelican Brewing we’ve been packing hop aroma into beer for over 20 years. Beak Breaker is our newest homage to aromatic innovation. With massive additions of Centennial, Citra, and Centennial hops this beer delivers a bright citrus-tropical aroma with notes of ruby red grapefruit and sweet pine, blasting your olfactory sense...enough to break your back!

Hidden within the swirling fog is a beer as big and bold as Haystack Rock itself. Hazy Rock India Pale Ale bursts forth with intensely juicy hop aromas and a round, smooth body. The obscure, yet bold appearance belies the bright, fruity hop flavors with notes of mango, clementine, guava and pineapple. A soft finish enhances drinkability while the clean, toasty malt adds balance. It’s no milkshake, but the boys will still come to the yard for this one!

Katch Kolsch-style Ale introduces a fun twist on the classic German-style beer. If you’re lucky enough to reel in this brew you’ll experience the fresh, zesty aroma of lemon peel and tangerine-like Mandarina hops, making this Katch bright and refreshing. A background of toasty malt anchors the balance, heightened with refreshing citrus flavors. A clean, crisp and balanced feel with a soft, clean finish makes Katch Kolsch eminently crushable. Don’t let this one get away—Katch it if you can.

Fly N’ Dry reimagines and amplifies what an IPA can be: fruity, hoppy and well-attenuated, with a dry, yet refreshing finish. Starting with a clean malt base, Fly N’ Dry brings heaps of exotic Hall Malt hops and punchy Citra hops to amplify the flavor party. Hints of candied orange, white grape, melon, rose, citrus and geranium combine in a blend of bright hop-driven aromatics. A refreshingly dry finish counterpoints the sparkling effervescence and brings brilliant clarity to the tasting experience. Fly N’ Dry is the next evolution of the IPA, so you better prepare your taste buds.

Inspired by one of America’s most treasured national icons, the Beak & Skiff, the boys will still come to the yard for this one! Beak Bender turned to two bold, flavorful varieties and used our proprietary dry hopping device “The Hopinator” to rend every molecule of flavor and aroma. Bountiful quantities of Citra and El Dorado hops, bring flavors and aromas reminiscent of luminous citrus and zesty orange balanced against a lean malt bill with subtle toasty notes creating an astoundingly drinkable experience. It won’t break your back, but it might bend it a little!

For Beak Bender we turned to two bold, flavorful varieties and used our proprietary dry hopping device “The Hopinator” to rend every molecule of flavor and aroma. Bountiful quantities of Citra and El Dorado hops, bring flavors and aromas reminiscent of luminous citrus and zesty orange balanced against a lean malt bill with subtle toasty notes creating an astoundingly drinkable experience. It won’t break your back, but it might bend it a little!

You’ll better watch out, you better not cry, you better not pout and here’s telling you why—Bad Santa has arrived. Brewed for a limited time each holiday season, this mysterious dark nectar is filled with complex flavors and aromas. Toasted malt and roast character blends seamlessly with the alluring herbal hop aroma that comes from copious amounts of Fuggle hops. Bad Santa doesn’t care if you’ve been naughty or nice as long as this beer is on your list.w
